Shirley

for the following articles:

Polyester staple fibre for spun yarns, non-wovens and special applications – hollow fibre (siliconized, slickened and dry type). Polyester yarns – POY, FDY, DTY in bright, optical bright, semi dull, full dull, black dope dyed, cationic, bi-shrinkage and flame retardant by using normal polyester, polymer post cycled resin, polyester coloured yarn and flame retardant polyester resin. Flame retardant product accepted by the Oeko-Tex® Association. Partially based on pre-certified materials according to Oeko-Tex® Standard 100. .

The results of the inspection made according to Oeko-Tex® Standard 100, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

**This authorisation is valid until 08.11.2017**

Manchester, 21.10.2016

Mr Phil Whitaker  
Technical Manager

Mrs Julie Dalton  
Senior Technical Administrator
